

Welcome to Mercy!

I was a cardiovascular surgeon in Joplin for 13 years and am thrilled to welcome my former co-workers to Mercy. When I heard about St. John's becoming part of Mercy, I knew that it would be a good fit. Mercy's focus on patient safety is a definite plus, and our new electronic health record will offer St. John's caregivers access to an entire network of specialists. Just think – another physician a state away can view your patient's imaging and in a matter of minutes provide a consult.

I know the folks at St. John's – and the community as a whole – will embrace all that Mercy offers. We're glad to have you on our team!
