Mercy Bariatric Surgery Support Group

Whether you’ve already had bariatric weight loss surgery or you’re just considering it, you’re invited to an open support group hosted by Mercy Northwest Arkansas.

Mercy NWA Bariatric Surgery Support Group meetings:

First Tuesday of the Month | 5:30 – 7 p.m.
Mercy Hospital NWA
2710 Rife Medical Lane | Rogers
Classroom #3 (across from the Auditorium)

3rd Monday of the Month | 4:30 – 6 p.m.
Mercy Clinic Behavioral Health
515 Enterprise Drive | Lowell
Suite 300 (conference room)

Please visit our website for support group topics and any possible location changes: mercy.net/NWAsupport
We believe weight loss should be a team effort. Our Bariatric Surgery Support Group is designed to connect you with others who are also on the path to a healthier life after bariatric surgery, and who can provide the support and insight you need to help you reach your goals.

Join us to hear directly from others who have had or are pursuing bariatric surgery, as well as from doctors and other guests, as they share experiences and discuss bariatrics and building healthy lifestyles.

About our meetings:

• Any individual who has had or who is considering having bariatric surgery can attend.

• Spouses, family members or support persons are also welcome.

• Groups generally begin with a brief topic or presentation followed by open group discussion.

For more information, contact the Bariatric Coordinator at 479.338.2266
