### Mercy Home Health

Is a caring family of health care professionals who provide physician ordered medical services to patients in their own homes.

People of all ages, may qualify for Mercy Home Health services. The professionals at Mercy coordinate with your doctor and tailor care to meet your needs.

### Mercy's Mission

As the Sisters of Mercy before us, we bring to life the healing ministry of Jesus through our compassionate care and exceptional service.

Your life is our life's work.

# Mercy Home Health

Your life is our life's work.

Mercy Home Health nurses help you to manage your acute, chronic or life-limiting illness through a variety of skilled ordered services.

### Home Health Nurses:

- Perform general assessments and observation
- Perform skin assessments
- Perform and teach specialized injections such as Lovenox
- Monitor blood sugars and diabetic care
- Assist with diabetes management and teaching
- Teach patients and family on:
  - COPD management
