Winter 2020
Mercy Kids Primary Care Physicians

Every child. Every need. Every day.

Mercy Kids
What is a Pediatrician?
A pediatrician is a child’s doctor who provides routine preventive health care for healthy children as well as medical care when they are sick or injured. Pediatricians work with families to manage the physical, mental and emotional well-being of their patients, in every stage of development from birth on up. Pediatricians, along with their staff, provide immunizations, parenting advice and information that helps children build strong foundations for healthy lifestyles.

We hope you’ll find this listing of the area pediatrician offices helpful. For more detailed information on these physicians, visit us online at mercykids.org.

Mercy Kids is a network of pediatric care dedicated to meeting the needs of every child, every day. Mercy Kids is anchored by an acute care pediatric hospital in St. Louis.

**The facility’s highlights include:**

- Pediatric specialists and advanced treatment to make you and your child feel better
- A member of the Children’s Hospital Association (CHA)
- A dedicated pediatric emergency department
- St. Louis County’s only pediatric intensive care unit
- The area’s top neonatal intensive care unit
- Partners with the community’s leading pediatricians
- Pediatric specialists in:
  - Allergy & Immunology
  - Anesthesiology
  - Cardiology
  - Cleft Lip/Palate Craniofacial Deformities
  - Cystic Fibrosis
  - Dermatology
  - Emergency Medicine
  - Endocrinology
  - Gastroenterology
  - Genetics
  - Hematology & Oncology
  - Hospitalists
  - Infectious Disease
  - Intensive Care
  - Neonatology
  - Neurology
  - Ophthalmology
  - Orthopedics
  - Otolaryngology
  - Palliative Care
  - Pediatric Sleep Medicine
  - Plastic Surgery
  - Psychiatry
  - Pulmonology
  - Radiology
  - Rheumatology
  - Sports Medicine
  - Surgery
  - Urology
Care When You Need It.

Need after-hours medical care? At Mercy, you have options based on how urgent and severe the problem is, and not every situation requires a visit to the emergency room.

**Mercy Convenient Care**

Convenient Care is a great choice when you can’t get in to see your child’s regular doctor, for around the same cost as an office visit. Stop by Mercy Convenient Care – no appointment necessary – to treat minor health issues, including:

- Coughs, colds and flu
- Ear problems
- Minor skin conditions
- Minor injuries

Mercy Kids has a dedicated pediatric Convenient Care location in Cottleville on Mid Rivers Mall Dr.

**Mercy Urgent Care/Mercy-GoHealth Urgent Care**

For more serious conditions that might require stitches or X-rays, head to Mercy Urgent Care, at multiple area locations. Here we can treat all the conditions as our Convenient Care and more, including:

- Coughs, colds and flu
- Ear problems
- Minor skin conditions
- Minor burns
- Possible broken bones
- Flu, strep or mono

- Sore throats
- Urinary discomfort
- Minor injuries
- Sprains and strains
- Animal or insect bites
- Simple cuts, puncture wounds

The cost is higher than a visit to the Convenient Care, but less than a trip to the ER.

**Mercy Hospital Emergency Room**

Convenient and urgent care are not substitutes for the emergency room. Mercy Hospital St. Louis and Mercy Hospital South have pediatric ERs that specialize in treating kids.

For serious or life-threatening problems, such as many of the following, call 911 immediately!

- Chest pain
- Fast heartbeat (more than 120-150)
- Difficulty speaking
- Broken bones visible through the skin
- Severe burns
- Allergic reaction with breathing difficulty
- Severe breathing difficulty
- Someone faints or is unresponsive
- Heavy bleeding
- Drowning
- Choking
- Extremely hot or cold
- Poisoning or drug overdose
- New severe headache

If you already have a Mercy pediatrician, we’ll be able to see your child’s electronic health record that includes the physician’s notes and medical history. In return, your doctor will see details about your child’s visits with us.

Find a walk-in care location near you at mercy.net/kidscare.
Mercy Clinic

Mercy Clinic is a primary care physician group affiliated with Mercy. Its members are on staff at Mercy Children’s Hospital, which specializes in expert inpatient and outpatient care for children with complex and rare conditions, as well as less serious illnesses and injuries. More than 80 specialists trained in more than 30 disciplines are on staff at Mercy Children’s Hospital.

To find a pediatrician or specialist, visit mercy.net/PedsDocs.
